

Hands-on learning on how to leverage the Caribbean GeoPortal in your work.
Sponsored by GGIM Americas and CARIGEO
April 21, 2021

Time: 07:00 a.m. – 09:00 a.m. Pacific, 10:00 a.m. – 12:00 p.m. (EST New York)

About this Event

The Caribbean GeoPortal is an open mapping community that provides data and insights across the Caribbean. Discover the data and tools that are readily available to all users as well as apps to help with key issues such as disaster response. This session, sponsored by GGIM Americas and CARIGEO, will help you learn how to leverage the GeoPortal in your work.

Join us in this live session and get hands on learning experience as we walk you through how to sign up, help you learn how to use different tools in the platform, and become a part of the community.
