

# Report to UN-GGIM: Americas

Global Spatial Data Infrastructure  
Association

UN-GGIM

United Nations Committee of Experts on  
Global Geospatial Information Management

[ggim.un.org](http://ggim.un.org)

GSDI welcomes the opportunity to attend this meeting of the Americas committee of UN-GGIM and thanks the committee for granting GSDI Observer Status.

The logo for the GSDI 15 World Conference features the text 'GSDI 15' in large green letters with a white outline. To the right, the letters 'GSDI' are rendered in blue, each containing a different icon: a globe, a traditional Chinese gate, cherry blossoms, a lantern, and the Taipei 101 skyscraper. Below this, the text 'WORLD CONFERENCE' is written in green, followed by its Chinese equivalent 'GSDI 協會第15屆年會及國際研討會' in green.

**GSDI 15** WORLD CONFERENCE  
GSDI 協會第15屆年會及國際研討會

**SPATIAL ENABLEMENT  
IN SMART HOMELAND**

Smart Disaster Prevention • Smart Transportation • Smart City

# The GSDI Strategy and Strategic Plan

1. Establish a closer alignment of GSDI activities with UN-GGIM objectives through:
  - Relationships with all UN-GGIM Regional Committees;
  - Contributions to Working Groups, and
  - Membership in the UN-GGIM Expanded Bureau, in their role as Chair of JBGIS;
2. Take a leading position in creating a global index of National Spatial Data Infrastructures;
3. Run a regional conference with a suitable partner each year;
4. Implement a strong Capacity Building programme;
5. Create a searchable 'SDI Capacity Building One-Stop-Shop' on the GSDI website where a wide range of resources to help in the implementation of SDI can be accessed.

Thank you very much
